FUND APPEAL BY SCOUTS IS MADE

Fathers' Association Sends Open Letter to Local Residents.

\$720.00 IS THE 1926 GOAL

Plans for carrying on the work of the Boy Scouts of Narberth during the present year were made public this week by the Fathers' Association in an open letter addressed to the citizens of Narberth. This letter was sent to every resident of the Borough, as well as its "suburbs."

The Fathers' Association is now an incorporated organization. This was done in order to give it the proper legal identity in furthering the scout movement in Narberth. According to the letter: "The scout work is carried on by this association, which now collects and distributes funds, and selects the Troop Committee, who, in turn, select the scoutmasters."

The letter was in the nature of an appeal for financial assistance. The itemized budget appended to it shows that \$720 will be required to carry on the activity of the boys this year.

There is an item of \$240 covering the mortgage interest on the property on which the scout cabin is located. To heat and light it will take \$30, while repairs to the extent of \$150 are urgently required.

Last year a start was made toward transforming the cabin into a tile and stucco structure from one of wood. To complete the alterations \$200 will be needed this year. It has been thought most desirable to complete this work in the interest of the comfort, welfare and pride of the boys.

The woodwork will have to be painted, which will take \$45, while for miscellaneous items the budget provides the sum of \$55.

Guiding Boys to Manhood. "The honor and privilege of assisting in training our boys of today to become the right kind of men in the future is hereby extended to you," is the way the Fathers' Association addresses the citizens of the Borough.

"In the little scout cabin at Elmwood and Essex avenues," the letter continues, "a real, consistent effort is being made to train our boys to become good, honorable citizens."

"A national program is being carried out whereby the boy, during his childhood and adolescent periods, comes under influences which, while permitting proper self-expression, regulate and guide him toward better manhood."

The letter was signed by E. P. Dold, R. J. Nash and E. K. Monington for the Fathers' Association, and by the personnel of the Troop Committee, namely: C. M. Little, chairman; E. C. Griswold, F. A. Lanahan, Walton M. Wentz and Edwin T. Wolf.

There are at the present time on the rolls of the two scout troops in the Borough the names of 45 boys. Troop No. 1 is in charge of F. T. VanAuken, scoutmaster, while I. N. Wilson is scoutmaster of Troop No. 2.

COMMUNITY CLUB

Popular Meeting Next Tuesday With Fashion Show.

The Women's Community Club will hold its regular meeting in the Y. M. C. A., at 2.30 P. M., Tuesday, February 16. After the business session the afternoon will be given over to Strawbridge & Clothier's Fashion Show. Miss Strohl has promised a real spring showing; the newest lines, materials and accessories straight from Paris. This should insure a record attendance.

The Community Club wishes to remind the people of Narberth of the emergency aid to be obtained through its Welfare Committee. This committee has all sorts of sick room appliances and comforts which may be borrowed at any time by applying to Mrs. Dunstan Smith, 128 Woodside avenue, Narberth 338-J. Though no charge is made for this service, those benefitted are usually glad to make some gift in return.

Progress in Borough Work Shown at Council Meeting

The consideration of reports and the introduction of an ordinance to keep trash from the streets comprised most of the business before Council Monday night.

The new ordinance, introduced by Mr. Kaerber, would prohibit the depositing of trash and all kinds of objectionable matter on Narberth streets. It is aimed largely at storekeepers who insist on sweeping the garbage from their shops on to Haverford avenue.

The recent change in street-cleaning plans, by which Haverford avenue is cleaned three times a week, has afforded some relief, but shopkeepers are as yet paying little attention to requests and threats from the authorities. The new bill provides fines for offenders.

The discussion of finances, in connection with the street paving costs, brought forth the fact that Ferguson & Ferguson, builders of the operation in Merion on the south side of Rockland avenue, contributed \$800 to the improvement of that street.

This contribution was entirely voluntary, as their holdings lay outside the Borough. Their agreement to join in the cost on an equal basis with Narberth property owners was regarded by the authorities as an unusual example of fair play, as otherwise Narberth would have had to bear the entire

cost of both sides of Rockland avenue.

The report of the auditors, like many similar financial statements, depended entirely upon the point of view as to how it would be regarded. It shows that the Borough is well inside its statutory debt limit and that the amount of indebtedness is not excessive. On the other hand, it also revealed the large floating indebtedness of about \$40,000, which indicates an undesirable situation. This condition can be greatly relieved if all citizens who have recently received bills for sidewalk, curb and street improvements will pay promptly. Further relief can be obtained if Council should decide to collect about \$10,000 of old outstanding liens by foreclosure proceedings if necessary. Action in connection with these old liens may be expected soon from the new standing committee on liens which was appointed by President Griswold when the present Council was organized.

The report of the Highway Committee indicated that good progress is being made on the construction of the Borough storage building, which probably will be ready for occupancy in March. This report also dealt in some detail with the situation which has developed on Rockland avenue in connection with sidewalk bills, and the Highway Committee was

POOR DIRECTOR SPEAKER AT NARBERTH LEAGUE

Women Hear Talk by Mrs. Euphemia Dunn.

At the meeting of the Narberth League of Women Voters, held Monday afternoon, February 8, Mrs. Euphemia Dunn, one of the Directors of the Poor for Montgomery County, was present and addressed the members, giving them some idea of the duties of that officer, so that they would be better able to decide whether or not a trained social service worker was necessary in the field. The appointment of such a person was recommended to the Poor Board, and is being sponsored by the Montgomery County League of Women Voters.

Those who attended the meeting learned a great deal in regard to the time required to respond to the innumerable demands made upon this officer. The unanimous opinion of the meeting was that such a worker was much needed. Mrs. Dunn stated in this regard that she would ask that the appointee be a woman, as the most work was in connection with the outside relief in homes, where a woman's advice would be the most valuable.

During the discourse Mrs. Dunn stated that she had become well acquainted with Narberth and vicinity, having occasion, frequently, to report on applications for such aid as they are called upon to supply. This was surprising to those present and, as a result of interest manifested, she cited a case in our midst where "a little human kindness and a word of encouragement would do a world of good." Those present at once took measures to express such interest and good-will.

The chairman brought to the attention of the League the need of supporting the election reform bills about to come before the Legislature, which have been advocated by the League of Women Voters throughout the State. A motion was passed authorizing the sending of a telegram to both Hon. Fletcher W. Stites and Benjamin Ludlow, urging that they support the election reform measures.

FIRST MOVEMENT FEATURE

The feature number at the second concert of the Main Line Orchestra to be held on February 21 at the Ardmore Theatre will be the first movement from the Italian Symphony by Mendelssohn. Adolph Vogel, conductor, has arranged a program of attractive numbers.

BIG NOVELTY FOR FIREMEN'S BANQUET

Speeches, Music and Surprises Will Feature Event.

Good speeches will be heard at the dinner to be given to the Narberth Fire Company on Thursday evening, February 25, of course. But there will be new and original entertainment features—plenty of music, songs in which everybody will join, and a real novelty in addition. The committee won't tell just what the big surprise is to be—but those who are in the secret say this alone will be worth the price of the ticket. Better make your reservation at once.

The affair will be held in Elm Hall. Many residents, anxious to render tribute to the outstanding efficiency of our local company, are interesting themselves in the success of the banquet.

Postmaster Patten has tickets on sale, and as chairman of the entertainment committee promises that they will purchase a remarkably enjoyable evening.

AFTER DRUGSTORE COWBOYS

Seventeen of Narberth's youths were summoned to appear before Burgess Frye in Elm Hall Monday night, charged with corner lounging.

The arrests were made by Officer Girvin, on the complaint of someone who alleged that insulting remarks had been passed at a woman going by. The arrests took place at the corner adjoining Crane's drug store.

The offenders were released with a warning by the burgess, who declares that a repetition will result in fines.

Lower Merion Surprises With an Easy Victory Over Radnor Five

Lower Merion accomplished the unexpected Tuesday night when it journeyed to Wayne and toppled the Radnor High basketball team 33 to 23 on its own floor. Radnor's brilliant five early in the season vanquished Norristown, which beat the Maroon and White a week ago, and Lower Merion's chances for victory were regarded as slim prior to the fracas.

The surprise was all the more agreeable by the easy manner in which the Ardmore quintet drew away from its opponent. At no time during the scrap did the Wayne "Davids" seriously threaten the invaders. The score at half time was 21 to 7 in favor of Lower Merion. The victory came as a climax to

A. J. LOOS DIES; A CIVIC LEADER

Was Founder of Narberth Civic Association and First President.

PROMINENT IN MUSIC

Augustus J. Loos, of 417 Haverford avenue, one of Narberth's oldest and best-loved residents, died Tuesday night at his home after an illness extending over several months. He was 72 years of age.

A modest and unassuming man, Mr. Loos' influence has long been felt in Narberth's civic life, and in musical activities of the Main Line.

He was one of the founders and was first president of the Narberth Civic Association. Through that body he became interested in the improvement of the lower Windsor-Wynnewood section, and was one of the prime movers in the reclaiming of a lot of swamp land to form the present Narberth Park.

Mr. Loos was also a member of the board of directors of the Y. M. C. A., and after the death of that organization, was interested in the use of the funds remaining, for a civic purpose. He was chairman of the Recreation Board, and through his connections with the Y. M. C. A. directorate was a big factor in the improvement of the playground and in the erection of the new community building there out of Y. M. C. A. funds.

Until last year he served on the Board of Trustees of the Narberth Presbyterian Church. A proficient violinist, he was a member of the first violins of the Main Line Orchestra and a vice-president of that body.

He was born on Staten Island, N. Y., the son of Mr. and Mrs. Alexander Loos. He graduated from Cornell University in 1877 and then worked as a reporter on the New York Tribune.

Mr. Loos was a member of the firm of Loos and Dilworth, oil merchants, 134 South Front street. Before founding his own firm he was connected with the Tidewater Oil Company.

He is survived by his widow, Mrs. Jenny Beatty Loos, a son, Paul R., and two daughters, Fanny H. and Mrs. Walter Dorthard, all residents of Narberth.

Funeral services were held at 2.30 yesterday afternoon from the late residence. Burial was made at Westminster Cemetery.

QUOTA CARD PARTY

President Coolidge has said: "I wish to give expression to my interest and sympathetic attitude toward the League of Women Voters."

To support this organization, in which our President expressed an interest, a quota is paid by each League to the County League, who in turn support the State League and they the National League. So it is therefore of the utmost importance that we meet our quota.

The quota card party to be held in the Y. M. C. A. on February 23, is for the purpose of raising a part of this quota. Two tickets have been mailed to each member. It is hoped they will dispose of them.

If each member and friend of the League will do their bit, a big part of the quota will be the result.

AFTER DOGS

Information has been received by one of our readers that representatives of the State Department of Animal Industry will be at Narberth about the last week of this month to check up on unlicensed dogs.

All persons having dogs unlicensed will be prosecuted, and ownerless dogs will be shot. A former campaign in Narberth left weeping and wailing and gnashing of teeth, hence this timely warning.

BASEBALL LEAGUE WILL ELECT HEADS

May Arrange for Eight-Club Circuit—Four Seek Franchises.

ASHLAND WILL DROP

A call for a meeting of the Main Line Baseball League has been issued by President Harry J. Mosteller, of Ardmore. The session will be held in the Autocar Athletic Association building in Ardmore Monday night.

At that time officers for the coming season will be elected and action taken on clubs seeking franchises in the league. Usually this preliminary organization work is not done until late spring but President Mosteller wants everything put in ship shape during the winter months so all will be ready for an early start in the spring.

Ashland, one of the clubs in the six-club circuit of last year, has announced its intention of dropping out but all the other regulars of last season are expected back. These clubs are Narberth, Bala-Cynwyd, Ardmore Kaseys, Paoli and Berwyn.

The advisability of enlarging the league to an eight-club circuit will be one of the things to come up for settlement. The Autocar, of Ardmore, and the Preston A. A., of Bryn Mawr, both of which were represented in the twilight league last summer, have already applied for franchises in the Saturday League. Wayne, an old-time member of the league, is also anxious to get back and Brookline Square Club is already to enter if room for it can be made.

Interesting Notes From the Top of the Hill

The Classical Club under the supervision of Miss Tyson, presented a Latin program on Friday, February 5. The first number on the program was a Latin play representing a Roman school.

This was given by the Boys' Latin Team from the eighth grade. Next followed a play on the same order given by the Girls' Team. After these rival teams had presented their plays the audience voted on the merits of the two teams. It was decided that the Boys' Team had done better work, and that their play found greater favor with the audience. Susan Reeves then read a poem, a mixture of Latin and English, entitled, "Felis." The final number was "The Slave Girl," presented by the Latin Club. This play, portraying Roman life in the days of Caesar and Cicero, was given in English. The play tells the story of a slave girl who lives with a family of the Roman nobility. The adopted son of the family falls violently in love with her. This enrages the father, who threatens to sell the girl back into slavery. At this point in the story an old woman, who had been the girl's guardian at an earlier date, arrives on the scene and gives a necklace to the lover. This necklace, worn by the daughter of the family when she disappeared years before, discloses the fact that the slave girl is the long-lost daughter. The marriage of the adopted son and the daughter follows, and all ends happily.

The cast of characters:

Egeria, the slave girl, Elizabeth Terry; Valeria, her mother, Ruth Walker; Rufinus, her father, Madeline Baughman; Aulus, the adopted son, Virginia Eyre; Melissa, the old woman, Ernestine Hunt; Ajax, a slave, Emma Lentz.

CYNWYD-NARBERTH ROTARY IS FORMED

Eastern Main Line Will Be Served by New Trade Organization.

SHULL IS PRESIDENT

A new Rotary Club, to include members from nine communities of the eastern Main Line, was formed Tuesday evening.

Representatives of Rotary International began nearly two months ago the task of surveying the business sections of Narberth, Cynwyd and nearby centres. Local men were appointed as organizers, and 25 business men, representing as many lines of trade, were asked to become charter members of the new club.

A supper meeting at the Cynwyd Club, at which Philadelphia Rotarians were guests, was held last Thursday night. There it was unanimously voted to organize a club and apply for a charter. A second meeting on Tuesday night of this week completed organization.

Twenty-one charter members, about equally divided between Narberth and Cynwyd, comprise the new club. The territory includes Bala, Cynwyd, Merion, Narberth, Pencoyd, Barmouth, West Manayunk, Fairview and Wynnewood.

The "classification" rule, the backbone of Rotary membership, permits but one member from each line of business. The survey shows that the present business sections will allow a maximum enrollment of 67 in the new body.

The charter members are: John A. Miller, roofer; Howard F. Cotter, grocer; Conrad Albrecht, nurseryman; Walter G. Case, electrician; Dr. Carl W. White, physician; Dr. E. S. Deubler, dairy farmer; Fred Walzer, painter and decorator; Philip Atlee Livingston, publisher; Dr. Raymond M. Staley, veterinarian; L. Stanley King, druggist; William H. Decker, plumber; Alvin E. Shull, lumber man; Guy Croyle, highway construction; Robert J. Boyd, banker; Charles B. Aldred, meats, fruits, vegetables; James E. Dolan, real estate; Dr. Herbert Walter Bieber, protestant clergyman; Frank P. Kromer, taxi service; Joseph J. Skelton, Jr., coal dealer; James Carroll, cemetery memorial builder; William H. Gillis, public service man of the Philadelphia Electric Co.

Officers chosen are: President, Alvin E. Shull; vice-president, John A. Miller; secretary, Robert J. Boyd; treasurer, William H. Decker; directors, Dr. E. S. Deubler, Howard F. Cotter and L. Stanley King; sergeant-at-arms, J. J. Skelton, Jr.

The weekly luncheon meeting will be held every Tuesday at the Cynwyd Club dining room. The evening monthly meetings are scheduled for the first Tuesday, with the annual meeting falling in April.

MOLESTING HOUSES

Residents of the north side have been annoyed, and in some cases burglarized during the past month by a negro, claiming to be a coal man.

The man rings the door bell. Finding no one apparently at home he makes his way to the cellar. If detected he has a glib story of a mistaken address to tell.

Money and valuables were taken from the home of John C. Nash on Wynnedale road several weeks ago, and a negro was discovered in the house of Councilman John R. Hall, of Sabine avenue. A number of other houses in that section have reported apparent attempts at robbery.

PRAISES NEW SCHOOL SYSTEM

To the Editor of "Our Town":

Our schools have been particularly fortunate lately when the board was able to get the acceptance of Col. Isadore Miller to fill the vacancy made by the resignation of Mr. Dothard.

Mr. Miller is a man of recognized ability, recognized by his employer, the P. R. R., by the responsible position he holds with that company.

During the war, General Atterbury made use of Col. Miller's ability in the administration of the French railroads for war purposes. W. W. Atterbury would quite naturally choose the best for his own aids and it is a high compliment to our townsman to be chosen to administer the finances of the French railroad under a man of Atterbury's ability.

Our School Board chose Mr. Miller to have charge of the finances of the School District and it is quite safe to say that they will be well taken care of. It is also certain that an executive of Mr. Miller's caliber is an asset to the board and that he will have his own opinions on each subject presented to him for consideration as a member of our board.

As a proof of the executive ability of the new school directors including Col. Miller, may be mentioned the innovation in Narberth of placing the entire responsibility for the choice of and results from the teachers on the broad shoulders of Prof. Wilson, the principal. Hereafter he will choose the teachers subject to the approval of the board of directors. This may not bring better results than the usual custom, but it certainly should.

The attendance has been steadily increasing with the adoption, around the first of the year, of the new policy of permitting the boys to select from among their own number the one who is to conduct the regular meeting. This in itself is proving an added attraction for the older scouts, and is developing, in a marked degree, self-confidence and leadership among the rank and file of scouts in both troops.

Contributions toward the Boy Scout work for 1926 can be made to the officers of the Fathers' Association, or to the members of the Troop Committee.

Through the columns of "Our Town" proper acknowledgment will be made to the donor, although no amount of any individual contribution will be published. E. K. Long Life for Your Clothes

The fact has been demonstrated that clothes that receive
the proper cleaning and pressing attention last longer than
the garments that are neglected.
It has also been demonstrated to the men and women of this
borough that at this shop their clothes receive the proper
attention and that we only make a fair profit from our
labors.

COTTER'S MARKET

"A whole lot of people are only as good as they have to be, and just as bad as they
dare be," and a whole lot of business is conducted on just this same basis—goods are priced
just as high as they dare be and only as low as they have to be—no well-defined buying or
selling principle is carried out with reference to quality, costs, or market conditions. Not so with
us—our prices are plainly printed, the same price for everyone, and our qualities are accurately
described.

The items on this page have been selected with a special view to your regular and season-
able requirements—they are goods which we are passing along to you on a narrower margin of
profit than is possible to make regularly. From the great interest displayed by our trade in
these items since the first of the year, we are convinced that our efforts are appreciated.

Heathized Sweet Cream Butter under the R. G. A. Label,
92-score in purity, flavor, fragrance and food value it holds first
place. The success that we are having with this butter spurs us
on to a very urgent solicitation for a trial order of at least one
pound, our experience being that almost invariably a trial order
makes a permanent customer—the finest butter you can buy. Be
sure to include one pound in your order—58c lb.

REPORTS OCCUPY COUNCIL
IN FEBRUARY MEETING

CONTINUED FROM THE FIRST PAGE

given authority to settle those
cases on their individual merits.
This committee also reported that
all of the bills for the property
owners' share of the street im-
provement work, under the 1925
bond issue, were served during the
month of January and totalled
\$25,063.

Bills for the sewer construction
of 1925 will be sent out within the
next week or ten days. The costs
of this sewer work will be assess-
ed upon the abutting properties
by dividing the total cost of the
sewers by the total number of as-
sessable front feet and making up
the bills accordingly. In the case
of corner properties, on both sides
of which sewer construction has
been installed, the full number of
front feet will be assessed along
the side on which the house faces
and from which it derives the
street number, but on the other
street such properties will be as-
sessed only for the number of feet
in excess of 100 feet. By this
method, the Borough avoids any
double or unjust assessment upon
a corner property.

In accordance with the policy in
reference to shoveling sidewalks,
officially announced in a recent
issue of "Our Town," the police
made a careful survey of all side-
walks in the Borough last Satur-
day and Sunday when the 24-hour
limit had expired. It was neces-
sary to warn sixteen property
owners that unless their walks
were immediately cleaned they
would be summoned before the
Burgess and fined. It was not
necessary to issue any summonses,
because the police warning proved
to be adequate. That was fortunate
for the sixteen offenders be-
cause the Borough Council ap-
pears to be unanimous in advis-
ing the Burgess to impose fines
upon sidewalk delinquents and es-
pecially upon any who were sum-
moned before Burgess Metzger
last year. A complete list of those
names is available.

LISTEN, MEN!

Here's a feast for you. Two
big attractions for the next meet-
ing of the Goodfellowship Club,
Tuesday, February 23.

Senator Stites will deliver a
patriotic address, and Dr. Hess,
a wonderful Drummer Boy of the
Civil War, will give a demonstra-
tion on the snare drum; also an
address worth hearing.

Eats? Sure. You can depend
on chef Krauskop for that.

You don't need to be a mem-
ber to attend this meeting. You
are all welcome. Don't forget the
date.

MANY MAGAZINES

More Than 40 Come Regularly to Library Reading Tables.

Few of the people who hurry in and out of the Community Library to exchange books realize how many of the best magazines are now available there regularly on the reading tables. That is the reason, however, why every chair about those tables is occupied by interested readers practically all of the time that the library is open. These two reading tables, by the way, are gifts of Mrs. R. C. Jones, of Grayling avenue and Mrs. R. C. Aungst, of Dudley avenue.

Most of the magazines are contributed to the library, although some of them are procured by direct subscription. Last year several requests were received for "The American City," which is an excellent publication devoted exclusively to municipal affairs. This was procured by a friend of the library who later happened to meet the publisher of "The American City," and told him of the use of his magazine at the Narberth Library. The publisher very generously responded, "Tell the Librarian in Narberth that they can have a free subscription for life to my magazine as my contribution to such a worthwhile enterprise."

The magazines have not completed their usefulness when the time comes to remove them from the reading tables. All those that are listed in the Periodical Guide which is a permanent index of magazine articles, are filed and frequently referred to in the reference department of the library. Mrs. C. W. Bates, of Narberth avenue, in addition to her work of helping in the distribution of books on Tuesday afternoons, lists the magazines, keeps the tables in order and files those which are required for the reference department. A complete list of the magazines follows:

American, American City, American Legion Weekly, Asia, Association Monthly.
Bulletin of League of Women Voters, Better Homes and Gardens, Colliers.
Good Housekeeping, Harpers.
Industrial Digest, Industry Illustrated, International Studio.
John Martin's Book, Journal of Society of Automotive Engineers, Judge, Ladies' Home Journal, Liberty, Literary Digest.

SCOUT HONOR COURT TO MEET AT NARBERTH

Forty Answer Roll Call at Weekly Meeting.

An announcement made at this week's meeting of the Boy Scouts proved to be a real "thriller" for the 40 members who answered "present" at roll call.

Narberth will be honored on February 26 with the "Court of Honor" for Delaware and Montgomery counties. This official body of the scout organization will meet for the purpose of examining those boys who wish to pass the tests entitling them to the coveted merit badges.

This was received with great joy by the boys. Thus far 15 have signified their desire to appear before the "Court."

On the heels of it came the further announcement that Honorable E. C. Griswold, president of the Borough Council and a member of the Scout Troop Committee, had presented a radio tool box as a prize to go to the scout who passes the greatest number of merit badge tests.

The boys are looking forward eagerly to the annual pilgrimage to Valley Forge on Washington's birthday holiday. Last year there were 33 Narberth scouts in the assembly. This year's trip will probably be by train to Devon, or Radnor, hiking from there to destination. Definite plans will be decided on Monday.

Robert Caldwell had charge of this week's meeting at the conclusion of the 20-minute game period.

He held the boys practically spell-bound during the half hour's discussion on tying knots.

"Bob" had large pieces of rope at his disposal, with which he demonstrated each step taken in tying the many varieties of knots a scout is required to tie in that particular test.

He was highly complimented by Scoutmasters VanAuken and Wilson, as well as by the boys themselves. One of them expressed the consensus of opinion when he was heard to remark: "Bob surely knows his stuff!"
